

DETERMINATION OF NONSIGNIFICANCE

Description of proposal: The proposal is for a 90 acre partial harvest (sanitation and salvage) to improve forest health with 200 feet of road construction. Parts of the proposal are located on a rule identified Groundwater Recharge Area of a deep seated landslide. Please refer to FPA # 2415059 and associated geotechnical evaluation.

Proponent: Department of Natural Resources, State Lands
950 Farman Ave. North
Enumclaw, WA 98022

Location of proposal, including street address, if any: Parts of Section 16 Township 21 North Range 5 East, W.M. The proposal is located on grounds leased to Green River Community College adjacent to the campus.

Lead agency: The Department of Natural Resources, Forest Practices, South Puget Sound Region.

The lead agency for this proposal has determined that it does not have a probable significant adverse impact on the environment. An environmental impact statement (EIS) is not required under RCW 43.21c.030(2)(c). This decision was made after review of a completed environmental checklist and other information on file with the lead agency. This information is available to the public on request.
